

## **Chapter 17.36: Standards, Specifications, and Improvements**

### **§17.36.120. Waterlines and Fire Hydrants.**

#### **A. Water Distribution Systems**

Water distribution systems shall be constructed by the property owner to State of Utah regulations and the Department of Public Works Standards and Specifications as approved by the Public Works Director.

#### **B. Water Pressure**

Increases or decreases in water pressure from that existing in the culinary water system prior to installation is the responsibility of the project developer or property owner. Adequate flow of a minimum pressure of the current State of Utah standards at any point in the project shall be the responsibility of the proponent.

#### **C. Fire Hydrants**

Fire hydrants shall be installed to meet the specifications of the Department of Public Works and the Fire Chief in locations approved by the Fire Chief.
